WORK EXPERIENCE

Android Developer
Shakti Foundation

05/2023 - Present   *Dhaka, Bangladesh*
Shakti Foundation is a non-government organization committed to the economic and social empowerment of disadvantaged women across Bangladesh.

Achievements/Tasks

▫ My main responsibility in Shakti Foundation is to constantly develop new features and add new technologies to the Shakti_ERP App. Shakti_ERP App is basically a micro finance app. The purpose of making this app is to make microfinance analog system to digital. The technologies used in this app are fingerprint authentication, collection by QR code, Object Box, API, Retrofit, Dependency Injection and Modern App Architecture.

▫ While developing this app I learned how to meet the date line and complete the work and develop in communication with the QA team, UI/UX engineers and Senior Developers.
